- WEEK 3 (JULY 22-26)
- WEEK 4 (JULY 29-AUG 2)
- WEEK 5 (AUG 5-9)

**\$250 PER WEEK**

# VIDEO GAME MUSIC & SOUND DESIGN CAMPS

Canes Camp is excited to be partnering with the School of Performing Arts (SOPA) to present Video Game Music & Sound Design Camps this summer!

Explore the exciting world of creating music and sound for video games this summer! Using our Holland College campus recording facilities you will learn how to compose and record music for games, create sound effects, design soundscapes and ambients, learn about the development cycle of game music and how it works within game architecture, and discover the history of video game music. More importantly, you will play with lots of fun sound-making technology!

## REFUND POLICY

Requests for refunds or cancellations must be made in writing to the Academy & Camp Coordinator at least seven days prior to the start date of the selected camp. Holland College needs the name of the participant/selected camp/reason for refund or cancellation. If a participant cancels 7 days before the first day of camp, a refund minus the \$30 non-refundable deposit will be issued. No refund will be provided after this time.

At this time, we are not offering refunds due to COVID isolation.

The Academy & Camp Coordinator makes the final decision on who qualifies for refunds. Refunds are not granted if a parent/guardian withdraws the camper early from the session. Holland College reserves the right to withdraw a camper at any time without refund if the Guidelines for Behavior are not followed.

## CRAIG DODGE

Meet Craig, he will guide campers through a week of fun music and sound making!

An award-winning audio designer and film, television, and video game composer, Craig graduated with a Bachelor of Music degree from UPEI with a Major in Classical Guitar and Musicology, as well as a Specialist Certificate in Orchestrating and Producing Music for Film and Video Games from the Berklee College of Music.

As a film and television composer, his music is currently heard in over 150 films and television shows airing daily in over 110 countries worldwide. He has also composed music for more than 200 video games, also acting as the lead audio designer for the projects.

Craig has performed in many genres of music including classical, Latin, blues, rock and country. He was one of the original members of the Latin group Esté Mundo, and has played with many local and regional touring bands, including his own blues band, Dodge and the Pushbutton Automatics.

Just a few of the companies that he has worked with include National Geographic, A&E Television, History Television, BBC, Barclay's Premier League, New York Knicks/MSG Basketball, NFL, NHL, CTV/Bell Media, Fox Sports 1, NBC, CNN, Six Flags, MTV, Discovery Channel, and Disney.

A dedicated music educator, Craig teaches Music Performance students how to create multiple revenue streams with their music and how to properly manage their music careers. Craig is founder and co-owner of Taris Studios and IGNITE Your Music Career. IGNITE's weekly lessons help musicians learn how to use the tools and techniques they need to maximize their earning potential.
